

6th International Symposium on

Energy **C**hallenges & **M**echanics

- towards a big picture

14-18 August 2016
Inverness, Scotland, UK

Speaker of Session 24

ENERGY, WATER, AND HUMAN SURVIVAL

Daniel Svedarsky is a wildlife biologist and long-time faculty member at the Crookston campus of the University of Minnesota where he is the Director of the Center for Sustainability and a research biologist with the Northwest Research and Outreach Center. He is a member of the University of Minnesota Academy of Distinguished Teachers and a Past-President of The Wildlife Society. He represented The Wildlife Society at the 15th U.N. Conference on Climate Change in Copenhagen. He is currently researching the use of cattail as a biofuel and harvesting as a wetland wildlife management strategy.

6TH INTERNATIONAL SYMPOSIUM ON
ENERGY CHALLENGES AND MECHANICS

Towards a Big Picture

14-18 August 2016 | Inverness, Scotland, UK
