

3rd International Symposium on
Energy **C**hallenges & **M**echanics
- towards a big picture

7-9 July 2015
Aberdeen, Scotland, UK

Speaker of Session 21

CARBON CAPTURE AND STORAGE

Dr. Diana Iruretagoyena studied for a BSc and MEng in Chemical Engineering at National Autonomous University of Mexico (UNAM). In 2014, she completed her PhD at Imperial College London under the supervision of Prof. David Chadwick and Prof. Klaus Hellgardt and in collaboration with Prof. Milo Shaffer. Her research focused on the study of novel CO₂ adsorbents and catalysts for sorption enhanced hydrogen production. The work has resulted in a number of scientific publications and has been presented at international conferences and seminars. Currently, she is working as Research Associate at Imperial College London in the field of Reaction Engineering and Catalysis.
