

4th International Symposium on
Energy **C**hallenges & **M**echanics
- working on small scales

11-13 August 2015
Aberdeen, Scotland, UK

Speaker of session 06

THERMOELECTRICS

Arne Neiser, who has a Master of Science in electrical engineer from the Rostock University (2012). He works as a research assistant at the Institute of Electronic Appliances and Circuits at the Rostock University. His previous experience are in the field of Energy Harvesting, microelectronics, special in solutions of provide energy for in-situ sensor for circuit board production.
