

4th International Symposium on
Energy **C**hallenges & **M**echanics
- working on small scales

11-13 August 2015
Aberdeen, Scotland, UK

Speaker of Session 05

GRAPHENE-BASED NANOTECHNOLOGY FOR ENERGY APPLICATIONS

Ryota Sakamoto was born in Nagano, Japan in 1980. He graduated from The University of Tokyo (Japan) in 2002, and received his Ph.D. degree from the same university in 2007 under the supervision of Prof. Hiroshi Nishihara. Then he was appointed as an assistant professor at Tokyo University of Science (Japan), working with Prof. Takeshi Yamamura. In 2010 he moved to The University of Tokyo, joining Prof. Nishihara's group again. His current research interest lies on the construction of molecule-based nanostructures, and photonic and electronic devices using thereof.
