

6th International Symposium on

Energy **C**hallenges & **M**echanics
- towards a big picture

14-18 August 2016
Inverness, Scotland, UK

Speaker of Session 01

Energy Efficiency

Since 2015, Benjamin Mörzinger works at the Institute for Production Engineering and Laser Technology at the Vienna University of Technology. The main topic of his work is energy efficiency in the industry. Within the project BaMa (Balanced Manufacturing), he is responsible for the interpretations and aggregation of monitoring data in order to develop models and find optimized production strategies.

**6TH INTERNATIONAL SYMPOSIUM ON
ENERGY CHALLENGES AND MECHANICS**

Towards a Big Picture

14-18 August 2016 | Inverness, Scotland, UK
