

Speaker of Session 01

ENERGY EFFICIENCY

Tayfun Okan, is currently a lecturer, Electrical-Electronic Engineering Department, Faculty of Engineering, University of Turkish Aeronautical Association, Turkey. He has been an active member of **IEEE** since 2012. Tayfun received his B.S. in Electrical and Electronic Engineering from Baskent University, Ankara, Turkey and received his M.S. in the same department in Gazi University. Currently he is concentrated on **RCS** calculation by using high frequency techniques for his phd dissertation.

His areas of research interests are time and frequency analysis of radar systems, **RCS** calculation, hybrid **PO-GO-SBR** algorithms, **RAM**'s, stealth technology. His interests include generation, transformation and distribution of energy systems, investments in energy sector.
